Hello all, if you remember, NORCO notified the EPA in February 2010 that they could not complete the remedial and removal work under the two AOCs.

This week we received notification that they now have funding to continue the work. I will be contacting NORCO's contractor (Stephen Halasz, now with TRC Companies Inc. in Austin Tx) in the near future to set up a meeting or conference call to discuss the additional work needed to complete the RI/FS.

I will notify you when I know more specifics and will also be forwarding you the final approved documents for your records.

Please forward this e-mail to the State and Federal Trustees that I have not included in this e-mail. I'm not sure if the same individuals are involved for each agency. Thanks.

Rafael Casanova, P.G. (Remedial Project Manager, Environmental Scientist)
U.S. Environmental Protection Agency, Region 6
Superfund Division (6SF-RA)
1445 Ross Avenue, Suite 1200
Dallas, TX 75202-2733
